OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 26 June 1962

1. [] - JSW) Talked with Leon Parma in the office of Congressman Bob Wilson and advised that one [] had been sent a letter informing her of initiation of processing of her case for employment which will be accomplished in approximately thirty days at which time arrangements will be made for her to enter on duty.

2. [] Bill Darden telephoned and arrangements were confirmed for the Director to meet with the CIA Subcommittee of Senate Armed Services at 2:30 tomorrow. Mr. Darden also advised that Senator Russell had been extremely interested and has asked many questions of Administration officials concerning the transshipment of machinery, equipment and arms from the U. S. to Cuba through Mexico. I passed along this information to the office of the DD/I so that we can be prepared to answer questions on this subject.

3. [] Security, called to say that [] an applicant who is presently working for Senator Everett M. Dirksen in Washington, has been disapproved for employment largely for administrative reasons. Phalen was alerting us to this in the event we should get an inquiry.

4. [] Talked with Dana Orwick, State Department, who is the liaison contact with the Joint Committee on Atomic Energy, concerning NIE 13-2-62. I advised Orwick that the question of transmittal of this document was presently before the Director and we expected an answer within the next few days. On the basis of information previously provided by other Agency liaison contacts, Orwick had advised the Joint Committee that a document on Chinese nuclear capability had been sent to the Committee by the Agency. Orwick said James Ramey, of the Committee staff, raises this item occasionally and Orwick would like to be advised when a decision was made on this transmittal. I agreed to do this.
